Dear Professor VILLEGAS,

TREASURER

LEROY E. THOMPSON
Miami, Florida USA

I wanted to write to congratulate you, your associates and your graduate students for a wonderful **IAHS CONGRESS** that you all have organized.

All the participants from 35 foreign countries were impressed with the organization and also with the quality of the presentations.

All the social activities were planned with thought and quality.

You made a major contribution to the activities of the **International Association for Housing Science** and its tradition. Also, your valuable input to the advancement of the concepts of Housing Science will be permanent and appreciated.

Thank you again, Professor Villegas, we hope to see you among us at the 40th Celebrations of the founding of the IAHS at the ISTANBUL WORLD CONGRESS.

Best personal regards.

Oktay Ural
